

THE MEDFIELD HOUSING AUTHORITY

CORI POLICY

On July 10, 1991 the Criminal History Systems Board voted to implement emergency regulations governing requests for and use of CORI by local housing authorities. These regulations were filed and became effective on July 15, 1991.

At the November 10, 1993 Board meeting of the Medfield Housing Authority it was voted to adopt a policy of doing a CORI on all applicants, once an offer of a unit was made, and prior to placement in that unit. A copy of the motion to adopt this policy is attached.

All prospective tenants are aware that a CORI will be done and once a person is placed at Tilden Village, the CORI is destroyed.
